YIPPEE....YIPPEE

Even though it's still Nippy!

Yep, you guessed it. I spent the winter hibernating and teaching myself to be a poet. One must always keep possible future doors open you know.

Well, not really!

Actually, I have spent the winter being laid up with and recuperating from "shoulder surgery". ugh...and I do mean UGH!!!!!!!
Therefore, because of this and having to type with one finger of my left hand, this is going to be THE shortest Newsletter ever being sent.

There are 4 reasons for my limited attempt to send this.
The first is to tell you that, if you haven't noticed, the Forsythia are starting to bloom and that means that the ground is warm enough to start putting your first treatment of lawn pre-emergent down to keep the crabgrass from taking over your yard this year. So, sometime within the next 3 weeks you should probably do this. And remember...**WE HAVE WHAT YOU NEED** right here at the Nursery.

Secondly, since I can't type enough to tell you all what you need to do in March you can just [click here](#) and it will take you to a previously archived March Newsletter that will hopefully guide you in your endeavors.

The third thing to mention is our Spring hours beginning March 15th unless of course Ma Nature refuses to cooperate.

Monday - Saturday
9AM - 6PM
Sunday 10AM- 5PM

And
Last but not Least

And

THE

MOST Important...

As I threatened (haha), back last Fall, I DID manage to actually get our Beaver Creek Facebook page up and running. Actually I had quite a bit of help from a friend with two good typing hands. Thanks Again JW.

SO.....
PLEASE, PLEASE
JOIN US and

LIKE US!!!!

Well, that's a rap until my wing heals up and I can use both hands.

so until then

Ring a Ding Ding
Come see us this Spring!

Hah...told you I practiced!

A Closing Thought
